**PATENT ASSIGNMENT AND ASSUMPTION AGREEMENT**

**THIS PATENT ASSIGNMENT AND ASSUMPTION AGREEMENT** ("Agreement") is made as of the 1<sup>st</sup> day of December, 2006 ("Effective Date") by and between Abbott Laboratories, an Illinois corporation with principal offices at 200 Abbott Park Road, Abbott Park, Illinois 60064 ("**Assignor**") and Relief Band Medical Technology L.L.C., an Illinois limited liability company with principal offices at World Trade Center Chicago, 200 East Randolph, Suite 2200, Chicago, Illinois 60601 ("**Assignee**").

**WITNESSETH:**

**WHEREAS**, contemporaneously with the execution of this Agreement, Woodside Biomedical, Inc., a wholly-owned subsidiary of Assignor, is selling substantially all of the assets and liabilities of its ReliefBand® business to Assignee, and Assignee has agreed to purchase such assets and liabilities pursuant to that certain Asset Purchase Agreement, dated effective as of the Effective Date, by and between Woodside Biomedical, Inc. and Assignee (the "**Purchase Agreement**"); and

**WHEREAS**, as part of that transaction, Assignor desires to formalize and finalize the assignment to Assignee of the patents and patent applications set forth on Exhibit A hereto ("**Patents and Patent Applications**") and Assignee desires to accept said assignment of the Patents and Patent Applications from and after the Effective Date.

**NOW THEREFORE**, in consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties agree as follows:

1. **Defined Terms.** All capitalized terms not otherwise defined herein shall have the meaning ascribed to them in the Purchase Agreement.
2. **Assignment.** Assignor does hereby assign, transfer and convey to Assignee all of Assignor's right, title and interest in and to the Patents and Patent Applications together with the goodwill of the business associated therewith as of the Effective Date. Assignor hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment. Pursuant to the terms of the Purchase Agreement, Assignor will provide Assignee with documents and legal equivalents in Assignor's possession related to the Patents and Patent Applications and will assist Assignee by executing and delivering to Assignee any and all papers, instruments or affidavits which Assignee may present and reasonably request Assignor's signature in order to record assignment of the Patents and Patent Applications; provided, however, Assignee shall provide all such papers, instruments or affidavits and bear all costs necessary to complete such assignments at no cost to Assignor.
3. **Assumption.** Assignee does hereby agree to perform all of the covenants, agreements and obligations of Assignor under the Patents and Patent Applications, which shall have accrued from and after the Effective Date. Assignee shall indemnify and hold Assignor

harmless from any liability or any obligation of Assignor under the Patents and Patent Applications accruing during and after the Effective Date.

4. Entire Agreement. This Agreement constitutes the entire agreement between the parties and contains all the agreements and understandings between the parties with respect to the subject matter hereof. No change, modification or amendment to this Agreement shall be valid unless the same be in writing and signed by each of the parties to be bound thereby. No waiver of any provision of this Agreement shall be valid unless in writing and signed by the party to be charged.
5. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois, without giving effect to conflicts of law principles.
6. Severability. All agreements and covenants contained herein are severable, and in the event that any of them shall be held to be invalid by any competent court, the Agreement shall be interpreted as though such invalid agreements were not contained herein.
7. Counterparts. This Agreement may be executed simultaneously in any number of counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument. Faxed copies of manually executed signature pages to this Agreement will be fully binding and enforceable without the need for delivery of the original manually executed signature page.

[Signature Page Follows]

IN WITNESS WHEREOF, the undersigned have executed this Agreement as of the date and year written above.

**Schedule 2.1(f)**

**Contracts**

Seller is assigning over to Buyer all of Seller's Contracts related to the Product, including, but not limited to, any contracts executed by Seller with those customers listed in Schedule 2.1(b) hereto.

**Schedule 2.1(k)**

**Product Inventory**

None.

**Schedule 3.3**

**Purchase Price Allocation**

**[To be provided by Buyer.]**

**Schedule 5.4****Intellectual Property**

1. The original US registration for RELIEFBAND expired. Seller's new application to register RELIEFBAND is pending. This application was refused because of an existing registration for HEADACHE RELIEF BAND. Seller filed a cancellation action against that registration in the USPTO. A notice of default by respondent was sent from the Trademark Trial and Appeal Board on October 10, 2006 allowing 30 days for respondent to show cause. Respondent did not respond within such 30 day period and the USPTO has entered a judgment by default against respondent and Seller's petition to cancel the registration for HEADACHE RELIEF BAND was granted. Seller has no Knowledge of any pending adverse claim, judgment, order, decree or agreement restricting its use in connection with the Product or any threatened litigation or claim of infringement related to this matter.
2. Buyer brought to Seller's attention during negotiations that a company by the name of HIVOX BIOTEK, INC. had recently started to market certain watch-sized devices to help the wearer sleep better and to stop snoring. Seller has not undertaken, nor does it plan to take now or in the future, any independent investigation of HIVOX BIOTEK, INC and their products to determine whether such products might infringe the Intellectual Property described in this Agreement. Seller has no Knowledge of any pending adverse claim, judgment, order, decree or agreement restricting its use in connection with the Product or any threatened litigation or claim of infringement related to this matter.

This application was refused because of an existing registration for HEADACHE RELIEF BAND. Seller filed a cancellation action against that registration in the USPTO. A notice of default by respondent was sent from the Trademark Trial and Appeal Board on October 10, 2006 allowing 30 days for respondent to show cause. Respondent did not respond within such 30 day period and the USPTO has entered a judgment by default against respondent and Seller's petition to cancel the registration for HEADACHE RELIEF BAND was granted. Seller has no Knowledge of any pending adverse claim, judgment, order, decree or agreement restricting its use in connection with the Product or any threatened litigation or claim of infringement related to this matter.
2. Buyer brought to Seller's attention during negotiations that a company by the name of HIVOX BIOTEK, INC. had recently started to market certain watch-sized devices to help the wearer sleep better and to stop snoring. Seller has not undertaken, nor does it plan to take now or in the future, any independent investigation of HIVOX BIOTEK, INC. and their products to determine whether such products might infringe the Intellectual Property described in this Agreement. Seller has no Knowledge of any pending adverse claim, judgment, order, decree or agreement restricting its use in connection with the Product or any threatened litigation or claim of infringement related to this matter.

**Seller Consents**

1. Certain of the Contracts under Section 2.1(i) of the Agreement may require the consent of the party(ies) with which Seller entered into such Contract, but Buyer fully understands and accepts the risk and the fact that it is accepting assignment of all such Contracts without Seller obtaining any consent to such assignment and Buyer hereby waives any requirement for Seller to obtain any such consent to assignment with regard to the Contracts.
2. The consent of Abbott Laboratories is required for assignment of certain of the Intellectual Property.
